

USH SLIDING SHOWER DOOR SYSTEMS **NEW!**

NEW Sliding Shower Door Systems Offer Convenience, Smooth Operation, and Contemporary Aesthetics

Sorrento Series

Double Door Sliding System

- Contemporary Two-Door Bypass System
- Four Rollers Per Door Ensures Smooth Sliding
- Minimal Use of Hardware Creates Attractive All-Glass Visuals
- Accommodates 5/16" or 3/8" (8 or 10 mm) Tempered Glass (Not Included)

The **Sorrento Double Door Sliding System's** versatile two-door bypass configuration allows convenient entry from the left or right side. The header incorporates two standard rollers and two anti-lift rollers per door for effortless operation and improved safety. Its stainless steel design provides durability and performance, while minimal hardware produces streamlined visuals.

Sorrento can be installed as a full standing system or above bathtubs. 90° Accessory Kit is available for shower enclosures with a return panel.

*Available in: Polished Stainless (PS), Brushed Stainless (BS), **NEW** Matte Black (MB)*

Verona Series

Double Door Sliding System European Look

- Unique "I Beam" Header Increases Durability and Performance
- Contemporary Two-Door Bypass System
- Adjustable Height Header
- Accommodates 5/16" or 3/8" (8 or 10 mm) Tempered Glass (Not Included)

The **Verona Series** combines contemporary aesthetics with highly functional features. The system utilizes a unique, 73-13/16" (1875 mm) "I Beam" header that enhances stability and durability. The header also offers door height adjustment for precise installations. Verona Series has two hangers (four rollers) on each door that provide exceptionally smooth operation. The sliding bypass doors use minimal hardware for streamlined visuals. The system can be installed in a full standing shower or above a bathtub.

*Available in: Polished Stainless (PS), Brushed Stainless (BS), **NEW** Matte Black (MB)*

USH SLIDING SHOWER DOOR SYSTEMS **NEW!**

NEW Sliding Shower Door Systems Offer Convenience, Smooth Operation, and Contemporary Aesthetics

Capri Series

Single Sliding Door System

- Features One Sliding Door and One Fixed Panel
- High Quality Roller Bearings Ensure Quiet and Smooth Sliding
- Circular Header and Rollers Provide Symmetrical Aesthetics
- Accommodates 3/8" or 1/2" (10 or 12 mm) Tempered Glass (Not Included)

The **Capri Series Single Sliding Door System** features a unique circular header with complementary round rollers that together provide a contemporary industrial aesthetic. It also uses minimal hardware to produce an in-demand all-glass look. Four durable stainless steel rollers provide quiet and effortless operation. Placement of fixed and sliding glass panels can be switched when being installed.

Available in: Polished Stainless (PS), Brushed Stainless (BS), **NEW** Matte Black (MB)

SPECIFICATIONS:

Glass Thickness: 1/2" or 3/8" (12 or 10 mm) Tempered Safety Glass (Not Included)

Material: Stainless Steel

Maximum Door Size: Do Not Exceed Either 36" (914 mm) Wide or 100 lbs. (45 kg)

Glass Fabrication: Both Door and Fixed Panel

STANDARD 180 DEGREE KIT INCLUDES:

- 1 - 78" (1981 mm) Length of Header Bar
- 4 - Rollers • 1 - Stopper • 2 - Wall Mount Fittings
- 2 - Track Holder Fittings for Fixed Panel

- 1 - 80" (2032 mm) Clear L-Jamb

NOTE: Customer to supply choice of Handle or Knob for door, and Glass Clamps or U-Channel for fixed panel.

Shown With Square Clamp and Fixed Glass Connection to Header

Venetian Series

Soft Sliding Door System

- Features **NEW** "Softbrake" Braking Component
- 65" and 84" Kit Lengths Available
- Concealed Overhead Roller Design for Clean Visuals
- For Use with 5/16", 3/8" or 1/2" (8, 10, or 12 mm) Thick Tempered Glass (Not Included)

The **Venetian Series Soft Sliding Shower Door System** features our **NEW** "Softbrake" component that takes effect the last 4" of door travel to prevent impact against the frame or adjacent glass panel. This increases safety and system longevity. The "softbrake" is completely concealed inside the header to reduce the amount of visible hardware. Venetian Series offers a choice of rounded or square clamp cover designs, and is available in five popular finishes.

Rounded Clamp Style

Square Cornered Clamp Style

Available in: Polished Chrome (CH), Satin Anodized (SA), Brushed Nickel (BN), Polished Brass (BR), Duranodic Bronze (DU)

SPECIFICATIONS:

Glass Thickness: 5/16" to 1/2" (8 to 12 mm) Tempered Safety Glass (Not Included)

STANDARD 180 DEGREE KIT INCLUDES:

- 1 - 73-13/16" (1875 mm) Length "I Beam" Header Bar
- 4 - Hangers (Eight Rollers) • 2 - Stoppers
- 2 - Track Holder Fittings for the Wall
- 1 - Bottom Guide • 2 - 85" (2159 mm) Clear L-Jamb
- 1 - 73-13/16" (1875 mm) Threshold

Messina Series

Rolling Shower Door System

- Headerless System Offers Popular Frameless Look
- Bottom Rolling System Has Integrated Height Adjustment
- Choice of Rounded or Square Roller Design
- **For Use Only With 1/2" (12 mm) Thick Tempered Glass** (Not Included)

Our **Messina Series Rolling Shower Door System** delivers a headerless design by utilizing a bottom rolling system. The smooth rolling system includes an **anti-derail** and **anti-pinch guard**. It also features integrated height adjustment for door to vertical jamb alignment. By being completely header free, an attractive all-glass aesthetic is achieved.

Messina Series is sold in a kit that allows both 180-degree and 90-degree installations; simply order the necessary brackets to complete the installation.

Rounded Clamp Style

Square Cornered Clamp Style

Available in: Polished Chrome (C), Brushed Nickel (BN), Polished Brass (PB), Oil Rubbed Bronze (OB)

SPECIFICATIONS:

Glass Thickness: 1/2" (12 mm) Tempered Safety Glass (Not Included)

Materials: Rollers and Top Guide (Solid Brass); Bottom Sliding Track and U-Channel (Aluminum); L-Jamb (Plastic)

Maximum Door Size:

Do Not Exceed Either 34" (864 mm) Wide or 127 lbs. (57.6 kg)

Glass Fabrication: Notch for Bottom Rollers, Holes for Top Guide

FOR 180 DEGREE WALL-TO-WALL INSTALLATION OR FOR 90 DEGREE RETURN PANEL INSTALLATION ORDERS
